

PRESS RELEASE (SHORT VERSIONS)

120 words

In response to the Asian Tsunami disaster, independent unsigned musicians from seven countries - the USA, Australia, New Zealand, Hong Kong/China, Austria, England and Scotland, have banded together to form Independent Artist Aid. The result is a 17-song compilation CD: "Hope Never Dies."

Most of the artists have never met in person. Their relationships were formed over the Internet in the messageboards at Garageband.com and new online music distributor IndieNetunes.com. Every one of the participants has donated their recorded material and services free of charge, delivering the CD ready for purchase within one month of the initial idea.

Profits from sales will be sent to the Mercy Corps (<http://www.mercycorps.org>).

The CD can be bought online for \$12.50 from IndieNetunes.com:
